

Job Title: Air Quality Treater Technician

Company: [Air Quality Treaters](#), LLC

Location: Selma, TX, USA

About Us:

"Our mission at Air Quality Treaters is to safeguard the health and well-being of our clients and communities by providing comprehensive, environmentally responsible indoor air treatments. We are committed to delivering exceptional service, employing the latest technologies and sustainable practices, and educating our customers on the importance of maintaining healthy indoor air quality. Through our dedication to integrity, professionalism, and customer satisfaction, we strive to be the trusted partner for all of our clients' indoor air quality needs."

Core Values:

- **Integrity** - Acting with honesty, fairness, and transparency in all dealings, both internally and externally.
- **Respect** - Treating everyone with dignity, empathy, and consideration, regardless of their background, role, or opinions.
- **Accountability** - Taking ownership of responsibilities, delivering on commitments, and holding oneself and others answerable for results.
- **Excellence** - Striving for the highest quality in everything we do, continually seeking improvement and innovation.
- **Loyalty** – Unwavering dedication, allegiance, and commitment that individuals demonstrate towards an organization, its mission, goals, and values.
- **Innovation** - Encouraging creativity, exploring new ideas, and fostering a culture that embraces change and experimentation.

Job Description:

We are seeking skilled and reliable Air Quality Technicians to join our team. The ideal candidate will have a passion for customer service, strong communicative skills, and a commitment to providing effective and safe air quality solutions. As an Air Quality Technician, you will be responsible for inspecting properties, identifying potential hazards that pose indoor air quality concerns, and implementing appropriate treatment plans to significantly lessen and or eliminate harmful indoor contaminants.

Responsibilities:

- Conduct thorough thermal imaging inspections of residential and commercial properties to identify potential areas of concern that can negatively impact indoor air quality.
- Develop and implement customized air quality management plans based on the specific needs of each customer.
- Apply a variety of air quality methods and treatments to significantly lessen and or eliminate harmful contaminants by applying EPA registered botanical treatments throughout the structure.
- Educate customers to maintain air quality techniques and provide recommendations for maintaining a healthy air environment.
- Document all service activities, including inspection findings, treatment plans, and follow-up recommendations, using electronic reporting systems.
- Maintain accurate records of inventory and equipment and ensure proper maintenance and calibration of equipment.
- Adhere to all safety procedures and guidelines, including the proper handling and disposal of any botanical excess.
- Provide exceptional customer service and address customer concerns and questions in a professional and courteous manner.
- Stay current on industry trends, best practices, and regulatory requirements related air quality.

Requirements:

- High school diploma or equivalent; additional training or certification in air quality treatments is preferred.
- Eligible to be registered with the state of Texas and hold certifications or willingness to obtain one. Must not have a criminal history that prevents being registered with the State of Texas.
- Previous experience working in a high pace customer service environment is preferred.
- Excellent communication and interpersonal skills, with the ability to interact with customers in a professional manner.
- Ability to work independently and efficiently, with strong problem-solving and decision-making skills.

- Attention to detail and the ability to follow instructions and procedures accurately.
- Physical stamina and the ability to work in various weather conditions and environments. Must be able to lift up to 75lbs and consistently stand up to 1 hour.
- Valid driver's license with clean driving record. Must be able to pass a drug test examination and pass at-random drug screenings.
- Must be able and willing to travel to areas outside of our service area. Up to 100 miles.

Benefits:

- Pay: \$20.19hr - \$28.85 (depending on experience): Monday – Friday 40hrs work week with overtime pay available. Per diem pay is provided if traveling is involved. May be required to work overtime depending on demand.
- Health Care Insurance – The Best Blue Cross Blue Shield (HMO and PPO plans) plans available. Employer contribution up to \$500.00 per month for hourly employees and up to \$1,000.00 for members of management. You may be eligible for free company benefits*
- Take home work vehicle*
- Vision Insurance
- Dental Insurance
- PTO / Sick time – Sick days available at start date. Paid Time Off accumulation begins after 2 weeks of employment.
- Holiday and Performance bonuses
- Fast pace growing industry. Promote from within and grow with the company.
